

HAMPTON

by **PLACRAFT**

Simply Elegant

Hampton Boats by Playcraft are more than luxury pontoon boats. They're a new station in life, defined by uncompromising comfort, quality, attention to detail and, most importantly, an unrivaled on-the-water experience. It starts with smarter design. By drawing on our decades of experience, we're able to incorporate high-end amenities and super-premium materials into boats that represent the greatest value in luxury pontoons on the water today.

MORE THAN A BOAT. A RITE OF PASSAGE.

Inspired by their top-tier Playcraft siblings, Hampton Pontoons offer endless options for your next getaway, whether that's fishing, skiing or simply contemplating life in a quiet cove. Step onto a Hampton Pontoon, and step up to a new way of life.

HAMPTON

2485 GL 3 TOON

WHERE LUXURY IS A GREAT AMERICAN VALUE.

A Hampton Pontoon is defined by its craftsmanship because we believe the details make the boat. Details like a one-piece floor, full-length cross-members and polished corner castings aren't just about aesthetics, they all come together to produce a longer-lasting, more reliable boat.

IN THE WORLD OF PONTOONS,
WE'RE AN INCREDIBLE BUY.
BUT WE'RE WAY BEYOND PRACTICALITY.

The end goal is to make your every day on the water once in a lifetime – to deliver the kind of luxury you've always aspired to. With plush features like luxury woven flooring, a soft-touch dash and molded furniture. Our latest upgrade is the Companionway, a patented rear-entry system that allows you to return to your boat from the water as easily as possible.

Every Hampton Pontoon is a functional masterpiece, and we invite you to get on board and experience it for yourself.
